

## Arizona Report of Public Agency Performance on High School Transition Requirements

### Indicator 13: High School Transition Requirements

Percent of youth aged 16 and above with an IEP that includes coordinated, measurable annual goals and transition services that will reasonably enable the student to meet the postsecondary goals.

#### Measurement

The data are taken from the ADE/ESS monitoring results and reflect the status of each agency at the time of the on-site monitoring. The two line items evaluated for this indicator are:

1. The IEP includes documentation of one or more student articulated measurable postsecondary goals, and
2. The IEP includes documentation of one or more transition services/activities that support the postsecondary goal(s).

#### Explanation of Indicator

The data reported below indicate the percentage of files (that were selected during the monitoring) that met each requirement listed above. PEAs that were not in compliance with the requirements at the time of the monitoring are required to demonstrate compliance within one year of the monitoring.

Exceptions:

- PEAs that are not on the list have not been monitored since the inception of the federal reporting requirement related to high school transition, or;
- Do not serve students aged 16 and above.

All data are reported for school year 2007–2008.

**State Target** for SY 2007–2008: This indicator is considered a compliance indicator by the U.S. Department of Education and the State target must be 100%.

PEA	PEA Results by Percentage		State Target Met?
	Line Item #1	Line Item #2	
Agua Fria Union High School District	34	32.5	No
